

GenAI in RE - Opportunities & Limitations

Thank you for your interest in participating in our survey.

This survey - designed and initiated by the IREB AI Interest Group - has two key objectives: (1) to investigate both the opportunities and limitations (or challenges) that **Generative AI (GenAI)** offers for **Requirements Engineering (RE) tasks**, and (2) to understand the current needs in this area from the perspective of practitioners.

The results will ultimately help to improve/expand IREB training programs.

The survey should take about **20 minutes** to complete.

All survey data will be analyzed **anonymously** and will only be communicated in aggregate form in IREB publications and scientific papers.

If you have any questions about the survey, please feel free to contact Anne Hess (anne.hess@thws.de) and/or Andreas Vogelsang (vogelsang@cs.uni-koeln.de).

We appreciate your time and support!

Thank you in advance!

There are 37 questions in this survey.

BACKGROUND Information

In which application domain(s) have you worked over the past 5 years? *

Select all that apply

Please choose **all** that apply:

- ☐ Aerospace
- ☐ Automotive
- ☐ Banking / Insurances
- ☐ Chemicals, pharmaceuticals, medical technology
- ☐ Defense
- ☐ Education
- ☐ IT / Software
- ☐ Mechanical Engineering
- ☐ Research
- ☐ Telecommunication
- ☐ Trade
- ☐ Transport & Logistics

☐ Other:

Which of the following organization / business types best describes your organization? *

Choose one of the following answers

Please choose **only one** of the following:

- ☐ Industry - Micro enterprise (up to 10 employees)
- ☐ Industry - Small enterprise (10-49 employees)
- ☐ Industry - Medium-sized enterprise (50-249 employees)
- ☐ Industry - Large enterprise (at least 250 employees)
- ☐ Research-technology transfer
- ☐ University / Research
- ☐ Other

How many years of professional experience do you have in Requirements Engineering (RE)? *

Choose one of the following answers

Please choose **only one** of the following:

- ☐ none / new to RE
- ☐ < 2 years
- ☐ 3-5 years
- ☐ 6-10 years
- ☐ > 10 years

What is your current role or position in your organization? *

Select all that apply

Please choose **all** that apply:

- ☐ Business Analyst
- ☐ Product Owner
- ☐ Requirements Engineer
- ☐ Software Architect
- ☐ UI / UX Designer
- ☐ Software Developer
- ☐ Technical Leader
- ☐ Project Manager

☐ Other:**In which of the following regions do you typically work? ***

Select all that apply

Please choose **all** that apply:

- ☐ Europe
- ☐ Asia
- ☐ Africa
- ☐ North America
- ☐ South America
- ☐ Australia - New Zealand (Oceania)

EXPERIENCE in RE and GenAI

Please assess your knowledge / experience in the various RE-related disciplines on the following scale:

- No Experience - I have no experience in this area
- Beginner - I have some basic knowledge but little practical experience
- Intermediate - I have practical experience and can perform tasks with some guidance
- Advanced - I have substantial experience and can perform tasks independently
- Expert - I have deep expertise and can guide others or develop new approaches

*

Please choose the appropriate response for each item:

	No Experience	Beginner	Intermediate	Advanced	Expert
Requirements Elicitation	☐	☐	☐	☐	☐
Requirements Analysis & Negotiation	☐	☐	☐	☐	☐
Requirements Specification / Requirements Modeling	☐	☐	☐	☐	☐
Requirements Validation / Quality Assurance	☐	☐	☐	☐	☐
Requirements Management	☐	☐	☐	☐	☐

How long have you been working in the field of GenAI?

*

Choose one of the following answers

Please choose **only one** of the following:

- ☐ No Experience at all
- ☐ Less than 1 year
- ☐ 1-2 years
- ☐ 3-4 years
- ☐ More than 4 years

How often do you use ChatGPT or similar AI chatbots? *

Choose one of the following answers

Please choose **only one** of the following:

- ☐ Never used
- ☐ Tried once
- ☐ At least once a month
- ☐ At least once a week
- ☐ Daily

☐ Other

Have you already used / applied GenAI for RE-related disciplines in your professional work? *

Choose one of the following answers

Please choose **only one** of the following:

☐ Yes

☐ No

For which of the following RE-related disciplines did you use / apply GenAI?

Please check all RE-related disciplines for which you have used GenAI and provide a short description of the particular tasks / goals that have been supported by AI (e.g., preparation of stakeholder interviews, analysis of elicited interview data, specification of user stories, etc.) *

Only answer this question if the following conditions are met:

Answer was 'Yes' at question ' [G02Q08]' (Have you already used / applied GenAI for RE-related disciplines in your professional work?)

Comment only when you choose an answer.

Please choose all that apply and provide a comment:

☐ Requirements Elicitation

☐ Requirements Analysis & Negotiation

☐ Requirements Specification / Requirements Modeling

☐ Requirements Validation / Quality Assurance

☐ Requirements Management

Other:

Have you also experienced situations that prevented you from using GenAI in RE-related disciplines? *

Only answer this question if the following conditions are met:

Answer was 'Yes' at question ' [G02Q08]' (Have you already used / applied GenAI for RE-related disciplines in your professional work?)

Choose one of the following answers

Please choose **only one** of the following:

☐ Yes

☐ No

What reasons prevent(ed) you from using GenAI in RE-related disciplines in your professional work? *

Only answer this question if the following conditions are met:

((G02Q08.NAOK == "AO02") or (G02Q31.NAOK == "AO01"))

Select all that apply

Please choose **all** that apply:

- ☐ Lack of awareness or knowledge
- ☐ Lack of support / tools
- ☐ Lack of time
- ☐ Insufficient quality / availability of input data
- ☐ Unclear, inconsistent, low-quality results
- ☐ Uncertainty about ROI (Return on Investment)
- ☐ Unclear or inconsistent results
- ☐ Cultural resistance and organizational inertia
- ☐ Using AI is forbidden by my organization
- ☐ Ethical and legal concerns (e.g., data privacy)
- ☐ Limited scope of AI applications in RE
- ☐ Fear of job displacement

☐ Other:

AI-supported REQUIREMENTS ELICITATION - Experience

What **positive experience** did you gain when using GenAI for REQUIREMENTS ELICITATION?

Only answer this question if the following conditions are met:

Answer was at question ' [G01Q09]' (For which of the following RE-related disciplines did you use / apply GenAI? Please check all RE-related disciplines for which you have used GenAI and provide a short description of the particular tasks / goals that have been supported by AI (e.g., preparation of stakeholder interviews, analysis of elicited interview data, specification of user stories, etc.))

Please write your answer here:

What **negative experience** did you gain when using GenAI for REQUIREMENTS ELICITATION?

Only answer this question if the following conditions are met:

((G01Q09_SQ001.NAOK == "Y"))

Please write your answer here:

AI-supported REQUIREMENTS ELICITATION - Assessment

In the following, you find a set of key tasks and goals related to **REQUIREMENTS ELICITATION**.

Based on your experience or estimation, please assess both the **usefulness** and **harmfulness** that **GenAI** could provide to these tasks / goals.

Are there any further **elicitation-related tasks or goals** for which GenAI could be useful / be harmful?
 If yes, please list them here and assess the degree of usefulness / harmfulness of AI.

Please write your answer here:

AI-supported REQUIREMENTS ANALYSIS & NEGOTIATION - Experience

What positive experience did you gain when using GenAI for REQUIREMENTS ANALYSIS & NEGOTIATION?

Only answer this question if the following conditions are met:

Answer was at question ' [G01Q09]' (For which of the following RE-related disciplines did you use / apply GenAI? GENERAL LIMITATIONS & THREATS

In the following, you find a list of **limitation / threats. Please select **up to three** limitations / threats that you see concerning AI in RE?**

Select all that apply

Please select at most 3 answers

Please choose **all** that apply:

- ☐ **Data quality and availability**
- ☐ **Bias in AI models**
- ☐ **Lack of transparency and explainability**
- ☐ **Over-reliance on AI**
- ☐ **Contextual understanding and ambiguity handling**
- ☐ **Ethical and legal concerns**
- ☐ **Integration challenges**
(i.e., integrating AI in existing RE processes)
- ☐ **Maintenance and adaptation (i.e., keeping the AI models up to date)**
- ☐ **Loss of human intuition and judgement**
- ☐ **Resistance to adoption**
- ☐ **Scalability issues**
- ☐ **Cost and ressource constraints**
- ☐ **Hallucinations**
(i.e., generated output that is nonsensical, inaccurate or not based on training data)
- ☐ **Confidentiality**
- ☐ **I don't see any limitations / threats**
- ☐ Other:

Opportunities for TRAINING

For which of the following activities would you like to receive **trainings (if any)?**

For each activity you selected, please provide examples of training topics that would interest you.

Comment only when you choose an answer.

Please choose all that apply and provide a comment:

☐ AI-supported Requirements Elicitation

☐ AI-supported Requirements Analysis & Negotiation

☐ AI-supported Requirements Specification / Requirements Modeling

☐ AI-supported Requirements Validation / Quality Assurance

☐ AI-supported Requirements Management

Other:

Do you think the **skill set of requirements engineers will need to change as AI becomes more prevalent in requirements engineering? If yes, please specify which skills you believe will be affected or will need to change in the comments field.**

*

Choose one of the following answers

Please choose **only one** of the following:

☐ Yes

☐ No

Make a comment on your choice here:

Which **training format would you prefer? You can select **up to three training formats**.**

Select all that apply

Please select at most 3 answers

Please choose **all** that apply:

- ☐ "Classical Training" (e.g., Classroom Training, Face-2-Face Training)
- ☐ Community of practice
- ☐ Newsletter
- ☐ Workshops, tutorials and hands-on labs
- ☐ Online courses and webinars
- ☐ Mentoring programs
- ☐ Blended learning programs
- ☐ Case study analysis and group discussions
- ☐ Conferences
- ☐ Hackathons

☐ Other:
